PROFILE

- BSc Computing graduate with strong HTML5, CSS, Java, and MongoDB, skills keen to secure a role as a web developer.
- Great experience using NetBeans, Eclipse, Atom, and Visual Studio.
- Keen interest in React.js, Redux and React Native. Currently enrolled on Complete React Developer course.
- Eventual career goal is to become a MERN stack developer.

Languages:

- English (Fluent), Portuguese (Native), Italian (Basic).

SKILLS

- **React.js:** Learned fundamentals while completing the academic internship. Developed a web application that calculates carbon dioxide emissions using an API.
- **HTML5, CSS, Bootstrap, JavaScript:** Over two years studying Hypertext Markup Language and Cascading Style Sheets. Developed an architecture/design portfolio website as part of the web design module at NCI. Developed two web applications: a Pizzeria webpage and a rental rating website that allows users to leave feedback on rented properties and landlords.
- **MySQL, MongoDB:** Studied databases for the last two years and developed MySQL, and MongoDB databases for web application projects.
- **Java:** Studied Java for over three years and achieved a 1:1 result for the Introduction to Programming module, and a 2:1 result for the Data Structures module.
- **Operating Systems:** Studied different operating systems – covered Memory Management, Resource Allocation, Scheduling, File Systems and Permissions including FAT and NTFS, also gained strong knowledge in Command Line Interface.
- **Adobe Photoshop and Animate:** One semester practising Adobe Photoshop and have successfully achieved 1:1 for a Digital Multimedia animation project.

WORK EXPERIENCE

Community Operations Analyst
Jan 2021 – Present

Covalen, Dublin

- Analysing data to identify malicious behaviour, identify user trends and highlight insights into how suspects and victims use the client's platform - escalating issues outside the company's policy to the global team.
- Performing extensive investigations on Global Safety Escalation to minimize brand and individual risk in a time-sensitive manner, including real-time escalation, credible threats, social-political viral events, and elections.
- Lead investigations into accounts to identify sources of abusive behaviour.
- Using market-specific knowledge to find scalable solutions to improve the support of our community of users.
- Specialized in the field of policy work concerning user privacy.

Retail Assistant
Oct 2018 – Dec 2020

Specsavers GPO Arcade, Dublin

- Explaining offers, products, and any other queries to customers in the store and over the phone.
- Carrying out pre-screening tests such as retinal imaging and pressure and visual field testing.
- Work directly with customers to select the best frame option for their prescription.
- Making follow-up appointments for customers over the phone.
- Taking card payments in the store and over the phone.

Retail Coordinator
Jan 2019 – Oct 2019

- Managing breaks and lunches for retail staff.
- Assigning tasks to the retail team such as requesting staff to help customers through dispensing procedures once they are finished their eye exams.

Healthcare Assistant
Dec 2017 – Oct 2018

Ashbury Nursing Home, Blackrock

Supported the nursing staff in providing a safe and caring environment for residents. Duties also included caring for residents and assisting them with activities of daily living such as companionship and personal care.

Healthcare Assistant
Aug 2017 – Dec 2017

All in Care, Dublin

Provided the highest standard of care to patients in their homes, demonstrating an empathetic approach to understanding patients' needs and helping them daily.

Retail Assistant
Jan 2017 – Aug 2017

Gala, Dublin

Responsible for organizing and managing stock, helping customers, and handling cash, ensuring the workplace is up to standard in terms of cleanliness.

INTERESTS & ACHIEVEMENTS

- **Web Application:** Learning React.js, through a Zero to Mastery Academy course.
- **Recognition awards:** Best Performance – June 2021, and August 2022 at Covalen.
- **Gap year:** Few months in 2016 travelling around Brazil and Europe. Spent over a month in Italy to process my Italian citizenship.
